Township Exhibitors Win Awards at Fair

Washington Township participants in the Alameda County Fair will be able to show their neighbors a variety of winning ribbons from almost all departments when the fair closes at Pleasanton Saturday night.

And next year, come fair time, those exhibiting in the horticulture department will probably bring home even more ribbons, thanks to an innovation in county fair entry listings.

MISSION FIREMEN BATTLE HILL FIRE

The first major grass fire of the summer occurred Tuesday afternoon when approximately 50 acres of pasture land on the hills of the Ed Vargas Ranch, two miles east of Mission San Jose, burned.

The fire started just a few feet from the home occupied by Mr. and Mrs. Frank Fries. Mrs. Fries told firemen that her husband was away from home and when she saw the small blaze near the yard she rushed out with wet sacks and came near extinguishing the blaze, but the wind whipped it up the hillside and out of control in a matter of minutes. Little six-year-old Joan Fries ran to the road and hailed Tony Santos who was driving past. Santos summoned the Mission San Jose fire department. Soon after they reached the scene the Mission firemen were joined by the county fire fighting forces from Livermore and Sunol. The men battled the blaze from 2 p.m. until about 4 p.m.

Fries, who arrived home about the time the blaze had been extinguished, said that no buildings were in the path of the blaze and that about 20 head of cattle had been trapped in the corner of one field but had finally crashed through the fence to escape.

DEFENDANT WINS OWN JURY TRIAL

In the first jury trial in Centerville Justice Court in the past five years, Joe Furtado, 25, 832 Fifth street, Hayward, last Friday afternoon pleaded and won his own case on a charge of disturbing the peace.

Deputy District Attorney Frank Vukota called three witnesses in presenting the state's case, Special Deputy Sheriffs George Perry and Edward Caton, arresting officers, who told of the circumstances at the Newark Pavilion on the evening of June 6 which resulted in the arrest, and Alameda County Game Warden Fred Rogers, who testified that the defendant is at the present time on probation. The defendant called but one witness in his own defense, Gilbert Schneider, also of Hayward, who was with him on the evening he was charged with disturbing the peace at the dance in Newark.

The jury of four men and eight women deliberated for one hour and ten minutes before returning with the verdict of not guilty.

THREE MEN HURT AS TRUCK RAMS ALVARADO GARAGE

A freak accident at Alvarado last Friday afternoon brought injuries to three men and demolished the front of the building housing the Machado Garage.

Cause of the damage and injuries was a large semi-trailer truck loaded with barrels of oil which overturned in negotiating the turn in the highway at the intersection of Marsh Road.

TRAPPED BY DEBRIS

The front of the building was extensively damaged and Manuel Machado, manager of the garage, and Charles Baird, who was in the office visiting Machado, received serious injuries when they were trapped by the barrels and falling debris.

Machado received a deep cut in his neck which severed a vein and the quick action of Dr. Leon Rudnick, Alvarado doctor, is credited with saving his life.

Baird received fractures of the right ankle, leg bone and two ribs. The driver of the truck, Elmer Charles Sylvester, 1711 North Broadway, Santa Maria, received only minor lacerations and bruises.

SWERVED TRUCK

The three injured men were taken to Hayward Hospital and released after emergency treatment.

Sylvester told State Highway Officer Duffy Lewis that he was southbound on the Hayward-Centerville highway. He said as he was rounding the turn another car loomed in front of him and in swerving to avoid a collision his load of barrels shifted, causing the vehicle to overturn.

DEATH OF INFANT TERMED ACCIDENTAL

The recent death of Michael Maddon, 18-day-old son of Mr. and Mrs. Clyde Maddon of Niles, was attributed to a heat stroke and termed accidental by a coroner's jury at an inquest held Thursday at the Berge Mortuary in Niles.

The infant succumbed in a home-made incubator which the father had constructed according to hospital authorities, but had increased the light bulbs in the heater when he thought the baby was cold.

VISITOR FROM MALTA LIKES AMERICA

ANXIOUS TO SEE FIRST BASEBALL GAME

A visitor from the most bombed spot in Europe during the late war, the Isle of Malta in the Mediterranean, arrived in Irvington this week for his first visit to America. He is Arthur Zammit, planning commissioner at Valletta, a city of a population of 34,000.

A guest at the home of his cousins, Mr. and Mrs. Hugh Henry of Irvington, Mr. Zammit, who has only been here since Tuesday, is already enthusiastic about his first glimpses of America as seen by plane as he came across from New York, and about the American people and their customs.

"We regard the United States very highly in our country," said Mr. Zammit, in his charming English accent. "The Marshall Plan is the salvation of the world. Without it, we would have Communism," he continued emphatically.

A graduate of the University of London, Mr. Zammit has spent all of his life, with the exception of his college days, in Malta.

WANTS TO FORGET

The days of bombing are still something that he would rather not discuss. "It was horrible," he said sadly, "but we are rapidly reconstructing and recovering." He is intensely interested in building and building problems in America, and thinks that our American architects — he mentioned especially Frank Lloyd Wright — have had a great influence on building all over the world.

"Indeed," he added, "American culture is being absorbed by peoples everywhere. Just as the Romans adopted Greek culture, refined it, and gave it back to the Greeks, so is the Old World, which lent its culture to the New World, now re-absorbing it with the vigor, the freshness, and the

Growers Can't Halt Tomato Plant Disease

Blame for the increasing loss of fields of tomato plants in this area was traced this week to an influx of tiny insects known as thrips.

The announcement was made by the office of County Agricultural Extension Service in Hayward after a study of the fields by representatives of the office.

Vernon Miller, a representative of the agricultural service, said this week that a belt of fields from Mt. Eden south through Irvington seems to include the fields most affected by the attack of the insects. He added that 75 per cent of the fields in that area had been partially damaged or completely destroyed by the attack.

SOURCE IN ORNAMENTALS

"Thrips are always present in this part of the country," Miller said, "but this year there seems to be a greatly increased number."

He continued by saying that a few of the insects could not do serious damage to the plants but when they attack in large numbers they inject enough of the virus into the stem of the plant to kill it. He added that the flights of the insects could be carried into a new area by high winds. The thrips do not limit their attacks to tomato plants, Miller said, but likewise set upon such garden vegetables as lettuce, celery, spinach, potatoes and many other varieties.

Asked as to the source of the insects, Miller said that they breed and multiply in ornamental shrubs and flowers. The first symptoms that the insects are at work on the plants are black spots appearing on the stems, leaves and fruit, followed by the plant wilting and dying.

NO PROTECTION

As for protection against an attack by the insects or combating the disease once it has started in a field, "there is nothing that you can do," Miller said.

Meanwhile many farmers in this district have watched their plants wither and die, their expected tomato crop a complete loss.

CENTERVILLE HITS SNAG ON NIGHT POLICE SERVICE

Determination to put the night-watchman service in Centerville on a sound basis or discontinue it entirely, was expressed by the members of the Chamber of Commerce at a luncheon meeting Wednesday at the California Inn.

It was reported by the committee members that Homer James, nightwatchman in the community for the past year, is not able to make a living wage because numerous merchants and residents have stopped subscribing to the plan. Discussed as a possible solution to the problem was the establishment of a police district, whereby residents would be taxed sufficiently to pay the wage of a night policeman.

SOFTBALL TEAM RETIRES

Fred Rogers, Phil Willis and Romeo Brunelli, committee named to investigate the circumstances of the present problem, stated that they would call on the merchants this week to determine if a sufficient number of them desire continuation of the service to merit retaining James.

A. E. Alameda, appointed recently by President Allan Walton to obtain a softball game with the Irvington Chamber of Commerce, reported that Irvington had refused to accept the challenge but stated that the Niles Junior Chamber of Commerce might be interested in accepting a challenge. After a hasty caucus President Walton stated that it was the desire of the Chamber to retain its undefeated record and not issue a second challenge to anyone.

SEEKS LOCATION

The possibility of arranging for Christmas decorations for the community was discussed but tabled after various ideas were presented for study.

Dr. Charles F. Brown, San Jose optometrist, was introduced as a guest and stated that he is interested in locating in the community if a suitable location can be found.

HIGHWAY ACCIDENT AT CANYON UNDERPASS

The blind turn in the dangerous railroad underpass on the Niles Canyon road was the scene of a highway accident Wednesday evening when a car driven by Fred Belluocini, San Francisco, collided with a truck driven by Ray Louiz, Centerville.

The truck, owned by L & V Trucking, Centerville, was not damaged, but the passenger car received considerable damage to the left front fender and door. Members of Belluocini's family, riding with him in the car, received minor bruises and scratches.

FIRE DESTROYS HAY, BARN AT NEWARK

Fire of unknown origin early Friday morning destroyed a barn and 15 tons of hay at the home of Joe Toste on the Patterson Ranch near Newark. Toste said that he retired about 12:30 a.m. and about an hour later was awakened to find the barn completely engulfed in flames. The Newark Fire Department was immediately summoned and saved the surrounding buildings. The hay was reported to be covered by insurance.

'Cot Season On; Price Is On Open Contract

Canneries in Centerville and Decoto began the yearly pack of apricots this week, but would not make known any price quotations being offered the growers. Spokesmen from both establishments reported that the market "is jumping all over" and they are still uncertain as to where it will eventually level off.

With the market so unstable the growers have thrown up their hands in despair and are taking their cots to the canneries on open contracts, accepting whatever is offered.

In the meantime, all the growers who have the facilities are drying as much of their fruit as is possible, in the hopes that the dried fruit market will be considerably higher. The one encouraging factor in the latter market is the possibility that the government may enter the purchasing field of dried fruits for shipment overseas as a part of the Marshall Plan.

With this year's crop reported to be the heaviest in a number of years, some growers have reported receiving \$45 to \$65 per ton, a far cry from the \$80 average paid last year. The growers are strongly objecting to the canner's tactics of waiting until picking time before quoting contract prices and have charged them with buying fruit for canning on a speculative basis.

Both canneries expect the apricot packing season to run about three weeks, and then will shift over to the canning of peaches.

LIONS INSTALL; CHAIRMEN NAMED

Robert L. Moore was installed president of the Centerville Lions Club at a dinner meeting held Tuesday at the International Kitchen. He succeeds Dwight Thornburg at the head of the organization.

Moore, who was installed by Frank Beckman, San Francisco, district governor of the Lions Club, immediately announced the committee chairmen to assist him during the coming year.

Named to head the various committees were: Arthur Belshaw, attendance; Harry Weber, constitution, by-laws, Lions information and convention delegate; Phil Willis, publicity and bulletin editor; Tom Silva, membership; Floyd Dickerson, United Nations committee; Anthony Silva, greeter; George Harvey, agriculture; Ralph Goodwin, program; Rev. Arthur Freeman, boys and girls; Clyde Voorhees, citizenship, patriotism and education; Leonard Miller, civic improvement and community betterment; J. I. MacGregor, safety; Irving Hird, sight conservation and blind; Dr. Elmo Grimmer, health and welfare; Pat Luna, sports; Dwight Thornburg, music; Bill Katzner, finance; and A. E. Alameda and L. S. Williams, ways and means.

Other elective officers installed at the special ceremonies were: Ralph Goodwin, first vice-president; A. B. Christensen, second vice-president; Erle Hygelund, secretary; Judson Taylor, talltewister; Kurt Suhnel, lion tamer; past president, Dwight Thornburg and Tom Maloney, Irving Hird, James Logan and Gene Manning, directors.

She was the mother of Mrs. Constantine Ambrose, Irvington, Mrs. Antone Lawrence of Centerville, Joseph Lawrence of San Jose, Mrs. Gerald Bispo, Oakland, Mrs. Joseph Oliver, Warm Springs, and Caton Lawrence of San Jose.

She was a native of the Azore Islands and a resident of California for the past 39 years.

Funeral services were held at 8:30 a.m. Wednesday from the parlors of the Chapel of the Palms, Centerville, thence to St. Joseph's Church, Mission San Jose, where a requiem mass was said for the repose of her soul at 9 a.m. Interment was at St. Joseph's Cemetery.

ALVARADO KNIFING TERMED SUICIDE

A coroner's jury, after hearing testimony Thursday morning into the stabbing death of Efrén Placencia, 25, Alvarado laborer on July 4, termed the death a suicide.

Placencia was found in a house-trailer behind a bar at 1051 Watkins street, Alvarado, the evening of July 4 by his common-law wife, Mrs. Emma Kelly, 48.

Mrs. Kelly, who was represented at the inquest by Leo Sullivan, Oakland attorney, told the jury that she was seated in the bar when she heard Placencia call her from the house-trailer they used as living quarters. She said that when she entered the trailer, some five minutes later, he was standing gripping the handle of a bread knife which was protruding from his chest. In her excitement she pulled the knife from his chest, washed it off with some water, and then went to summon help. When she returned minutes later, accompanied by other patrons of the bar, Placencia was sprawled across the bed dead.

She was booked for investigation by the Alameda County Sheriff's office but was released after two days of questioning.

The inquest was held at the parlors of the Berge Mortuary Company, conducted by Robert Bunzgers, Oakland, chief deputy coroner of Alameda county.

DOCTOR LOCATES AT ALVARADO

Dr. Leon R. Rudnick, M.D., last week opened his office in Alvarado at 1104 V street in the Alvarado Theater building.

During World War II Dr. Rudnick served with the U. S. Army and was discharged from the service as a captain on June 24 of this year. He is unmarried.

INFANT SUCCUMBS

The infant son of Mr. and Mrs. Carl Renfro, 519 Lincoln St., Irvington, died Friday night at a San Jose hospital. Services were held Saturday at the parlors of the Berge Mortuary, Irvington. Interment was at the I.O.O.F. Cemetery, Irvington.

ENGAGEMENT ANNOUNCED

In the small early hours of Saturday morning Josephine Fernandez, Mission, and Ed Chambers, Palo Alto, motored to Loomis to spend the week-end at the home of his folks, but the

best part of all was that Jo, as she is called by all her friends, proudly showed her brand new diamond engagement ring. Yes, she and Ed are to be married on August 14 at St. Joseph Church here in the Mission. Everyone is very excited about it for Jo has been a swell mother, being father and mother both to her three children since the passing of her late husband, Fritz, many years ago. Her family is practically grown now.

Gerry is studying to be a nurse, Nonie will go to college this fall to learn to be a coach, and Weezer will finish Hi. Ed has two children, Beverly, in high school and Ronny, who is seven. They will be welcomed with open arms in our small community. Mr. Chambers works for the Peninsula Creamery in Palo Alto. They will make their home for a while here and later may move to Palo Alto where his work is.

BLESSED EVENT

Hi there little newcomer. So you have arrived. On July 9 at the San Jose Hospital Mrs. Elidio Cunha, the former Marie Lawrence of the Mission, gave birth to an 8 pound 14 ounce girl who was named Herminia Leonilde for her paternal grandmother. Mr. Cunha is in the service of Uncle Sam's Army at Fort Ord and as soon as mother and daughter are able they will go to join him there.

SIGHT-SEERS

Grace Meyer and Frank Vieth motored to San Francisco on Sunday where they took in the International City, and all the other sights, and then on to Petaluma to see friends and back to the city to have dinner.

HOUSE GUEST

Mrs. Emma Vagades of San Francisco is a house guest at the Gallegos home again this summer. She always looks to several restful months here away from the noise of the city. Mrs. Eleanor Pasquali, also of San Francisco, is a guest at the home of Miss Eda Beronio for awhile.

HOME FROM VACATION

Ernest Smith, brown as a berry and looking rested, returned from a week spent in the Boulder Creek region. He is the proprietor of the Guadalupe Inn here and during his absence Mrs. Elsie Soito of Irvington, their steady standby as soda jerk, and Miss Evelyn Meyer kept the business moving. Oh yes, by the way, Elsie celebrated a birthday on Sunday (away from work) and went with friends down along the coast line to Monterey, Carmel and way points.

BACK TO WORK

Vacation days are over now for Miss Edith Rogers and back to the grind she goes. But it was a swell vacation for she and her nephew, Larry Garcia, son of Mr. and Mrs. Joe Garcia, spent one of the weeks in Santa Cruz getting all the sun vitamins they could, and the last one was spent at Sebastopol at the home of her sister, Mr. and Mrs. F. E. Schideler and family.

NEWLYWEDS RETURN

Back come the newlyweds, Mr. and Mrs. Edwin E. Freitas, after a wonderful honeymoon in Canada, Washington, Oregon, and back home to Irvington where they will make their future home.

READY TO MOVE

Well, at least the dairy herd of Joe Rochas is settled in their new home in Irvington at the former Mozetti Ranch, but the family is still keeping house here in the Mission waiting for the house to be vacated.

PRIZE WINNERS

Robert Lofton, son of Mr. and Mrs. Marvin Lofton of the Livermore Highway, is a very proud young man today for he really won some very good prizes at the Pleasanton Fair. Three of his pure bred Himalian White and Angora rabbits, a buck and two does, took first prize in the senior class, three does second prize in the junior class, and he also had Champion Doe prize corralled. He has been exhibiting his stock at all the fairs locally and has won many ribbons on them.

FIREMEN BUSY

Three fires in one day is a full time job for any one and that is just what the Mission firemen contend. At noon the alarm went off and off they rushed to the Frank Bettencourt home on Bryant street where what could have been a very damaging fire was brought under control in short order. Then twice in the afternoon they were called out to the Ed Vargas place in the Livermore hills to help with a vast grass fire started presumably by a careless cigarette smoker. More about it elsewhere in YOUR FAVORITE PAPER.

How to make a telephone grow

1. If your telephone grew in size as the system serving it grows, it might look like this someday. Since 1940 alone, telephones have increased 75% on the Coast. And the growth continues. Today your telephone is a bigger, more valuable servant than ever. Here's how it got that way.

2. Cables you'll probably never see had to be put in. New buildings, the telephones themselves, complex switching frames... an almost unbelievable amount of equipment had to be provided before the system could grow. We must spend millions of dollars to keep it expanding and improving...to meet the needs of the growing West.

3. Who pays for new equipment? Half a million dollars a day needed to expand and improve comes from investors who put their savings into the telephone business. To continue growing and improving, we must sell our services at fair and adequate prices that provide profits for investors that are fair and adequate.

4. When you make a local telephone call the cost averages less than a nickel. For those few pennies you hire a mighty servant...a bigger servant than ever before. There will soon be twice as many telephones on the Coast as there were ten years ago. They continue to go in rapidly. And each one added makes your telephone that much more valuable.

'THE WINSLOW BOY' AT GEARY THEATER

"The Winslow Boy," Terence Rattigan's famous international stage success, is now being presented at the Geary Theater, San Francisco, by the Theatre Guild, H. M. Tennent Ltd. of London and John C. Wilson. The engagement will continue until July 31 with performances nightly except Sunday, and Wednesday and Saturday matinees.

Few plays of the last few years have achieved the popularity of "The Winslow Boy" which ran two years in London and all last season on Broadway, winning the New York Drama Critics' Circle prize as the best imported play of the year. In alternate episodes of drama and humor the playwright, author of "O Mistress Mine" in

which the Lunts starred, tells of a father who fights to clear the good name of his young son accused of theft. "The best play England has sent us this year" wrote Brooks Atkinson of the New York Times while the critic of the New York Herald-Tribune pronounced it "witty and moving." According to the reviewer of the Toronto Globe and Mail the play possesses "human warmth, gentle laughter, emotional impact."

Mail orders for any performance may be sent to the Geary Theater and should be accompanied by a self-addressed, stamped envelope to insure return of tickets. San Francisco critics are unanimous in pronouncing both play and performance of the most distinguished theatrical events of recent seasons.

DANCE TOMORROW AT VETS BUILDING

Unless you want to be considered out of date and old-fashioned, you'd better start learning the old-fashioned dances (two-step, waltz, schottische, and three-step) because the old-fashioned dances are fast becoming the new-fashioned dances. Just as folk-dancing has become the rage all over America, so will the dances of our mothers and grandmothers soon become the favorites, according to present trends.

The first revival of the old-fashioned dances in the township will be held this Saturday night, July 17, at the Veterans Memorial building in Niles, sponsored by the Washington Township Post American Legion.

The public is invited to attend and is assured of a good time, with the Huddleston orchestra of Livermore providing the music not only for old-fashioned dances but also for modern dancing.

The admission is 75 cents per person. Dancing starts at 9 p.m.

NEWARK MEN HURT AS CAR HITS POLE

John and Inesque Armendariz, Newark, received minor injuries about 1:30 p.m. Wednesday when the automobile in which they were riding crashed into a power pole near Hall's Station on the Centerville-Alvarado highway. They were taken to Fairmont Hospital for treatment in the Dallas Paul ambulance from Centerville.

On their return trip they stayed for a while at the Mel Nunes home in Salem, Oregon, where Mel is now playing baseball with the Western International League. EVERYBODY BLOWING BUBBLES IN ALASKA IS REPORT OF LOCAL ARTIST

Mrs. Ethel Grau, who returned last week from a plane trip to Alaska with her husband and daughter, Betty, came back with the report that her preconceived ideas of Alaska were entirely at variance with life in Alaska as it really is. Igloos and primitive Eskimos? No, not at all. There's nothing primitive about the Eskimos. They engage in the most modern sports including wrestling, use rowboats with outboard motors instead of the kayaks she had imagined, Toni permanents for the girls and women, and—bubble gum for everybody from 8 to 80! Yes, the bubble gum mania has swept all over Alaska. Everybody chews... and blows.

The most impressive sight of all during their two weeks' tour, according to Mrs. Grau, came when

they were flying over the Arctic. They saw the midnight sun, and, one-half hour later, saw the rising sun—a sight they will not soon forget.

Mrs. Grau, an artist of considerable note in this area, made numerous sketches on the trip, including several done while they were flying.

In contrast to some of Alaska's grandeur, she stated that the cities in Alaska are filthy. Sanitation is of the poorest. In some places it simply does not exist.

But, everything considered, "it was the best, and most interesting trip I've ever had," said Mrs. Grau enthusiastically, and she would certainly advise anyone planning to go to Alaska to do it by plane, stopping off at different spots overnight rather than by boat and rail.

DECOTO DISCUSSION GROUP MAKES PLANS FOR ANNIVERSARY OBSERVANCE

By ETHEL AVILLA

Mrs. Ed Goulart entertained the Decoto Discussion Group with a delicious two course luncheon on Wednesday, July 7, in the rumpus room of her home. Members and guests remained seated at the table for the Poetry meeting which followed.

A delightfully pleasant afternoon was spent with members reading poems of their choosing by Longfellow, Robert Nathan, Walter De La Mare and William Cullen Bryant. Mrs. Gladys Williamson graciously added the spice of some of

her own poems to the great enjoyment of all. She, Mrs. Clara Dennis and Mrs. Dorothy F. Roberts were guests.

Plans are being made for a reunion in September, a celebration to climax ten years of work for this study group.

The August meeting will be held in Mission San Jose at the home of Miss Eda Beronio. Mrs. Bernie Joseph, leader for the meeting, has chosen "Johnnie Tremain," by Es-ther Forbes, a classic novel, to be discussed at that time.

Home from Camp

Returning from Girl Scout camp this week were two Niles Scouts, Donna Moore and Claire Ferreira. Mary Lynn Lamoreux decided to spend another two weeks at camp, so she didn't return with the other two girls.

On Vacation

Mr. and Mrs. Carl Christensen of Irvington are vacationing this week at Cisco Grove in the Sierra mountains.

At Stockton Parade

Among the localites who enjoyed watching the Y.L.I.-Y.M.I. parade at Stockton over the weekend were Mr. and Mrs. Walter Zbyzenski and their daughter, Rosalie Marie. Accompanying the young couple were relatives: Mr. and Mrs. Manuel Garcia and a great-grandmother, Mrs. P. Harvey of Irvington.

Thinking Things Over...
By VIVIAN BATMAN

Some people enjoyed one thing at the County Fair. Others enjoyed other things. As for me, you can have your horse races, your industrial and agricultural exhibits, and I'll take "Pronto Pups."

What are Pronto Pups? Well, they're a new and perfectly fascinating kind of hot dog. Of course, you are wondering what kind of a mind I can have to by-pass all the worth while things and rave about the hot dogs. But—have you ever tasted a Pronto Pup? No? Ah, what a treat you have in store when you come across one of these delicacies! Such tenderness, such flavor, such aroma! If I seem to be lyrical over them it's just because they were entirely new to me. Someone with imagination concocted these new hot dogs and probably made a lot of money on the idea. They're on sticks, like popsicles, dipped in a batter and fried in deep fat like a doughnut. Then, you smear them with mustard... and eat... and eat... and—goodness, does anyone know of a good reducing method?

And speaking of the Fair—it was so much better than before that I even hesitate to mention the collapsed state of the carrots, strawberries, and other farm produce because of the really outstanding exhibits in the industrial and floriculture buildings. Next year perhaps even the carrots will be spruced up, by a little refrigeration.

QUICK TO JUDGE

Recently, in a southern court, a rather wild, headstrong young man was being tried for a minor offense. The prosecutor, eager for a conviction, was wildly firing his full arsenal at the luckless prisoner.

Observing that the accused bore a long jagged scar on one cheek, and surmising that it might have been received in some wild, lawless brawl, the eager attorney shouted: "And tell me, what caused that scar on your face?"

Without a flicker of expression the prisoner replied: "A German bayonet."

The jury returned a verdict of "Not Guilty" without leaving the box.—Wall Street Journal.

DECOTO MAN HELD FOR INVESTIGATION

Tony O. Paniagua, 25, 510 Eleventh street, Decoto, was arrested this week by sheriff's deputies and turned over to Oakland police for investigation of petty theft.

Found in his possession were numerous items reported stolen from the Montgomery Ward warehouse in Oakland where he was employed.

The estimated per capita consumption of canned foods in 1947 was 42.1 pounds for each child under three years.

NILES JRS. DOWN DECOTO C. OF C. IN SOFTBALL BATTLE

In a seven-inning affair which bore out that Chamber of Commerce members are more adept at performing civic duties than softball assignments, the Niles Junior Chamber of Commerce rolled over the Decoto Chamber of Commerce 18 to 12 on the Decoto Elementary School diamond Sunday morning.

The Niles J. C.'s, in accepting the challenge of the Decoto City Dads, unleashed a batting attack that gave every player at least one hit and netted them runs in each of the innings. Some surprise talent was unveiled on both teams as many here-to-fore "unknowns" stepped to the plate and whacked out hits, evidencing an abundance of diamond experience in by-gone days.

The Niles Juniors, quick to point out that they were not issuing any challenges, were none the less boastful this week that they were now undisputedly the championship Chamber of Commerce softball club of the township.

The line-up of the Decoto club included such greats as: Frank Borghi, p; Al Ferreira, c; Paul Merrill, 1b; Ken Garcia, 2b; Don Hitchings, ss; Joe Vegas, 3b; Caminada, rf; Manuel Hidalgo, b; Jimmy Gonzales, lf; and J. C. Holdfield, cf. Manager Howard Bradberry was unable to furnish a box score of the game for his team but stated that Manuel Hidalgo

NILES MERCHANTS BOW IN DEFEAT

The Niles Merchants' baseball team lost an early inning lead Sunday to the Freddie Beauty Salon team and were never able to close up the gap, going down to a 7-4 defeat.

Troy Holderfield started on the mound for the localites and was replaced in the fourth by Joe Peters. Peters allowed but two hits, gave up one walk and struck out 11, but Manager Tom Pugmire's club was unable to compensate for the damage done in the early innings. Pugmire said this week that his team was greatly handicapped with but five regulars showing up for the game, and one of those, Castleman, having to be replaced at third base in the first inning because of a leg injury.

dalgo with four hits for four times at the plate, with one of the hits a home run, was the batting star of the Decoto club. Pedersen lead Niles with two home runs and 2 singles for five trips.

The Niles line-up was:

LEAGUE PENNANTS WON BY MISSION, PACIFIC STEEL

The regular league season of the Washington Township Softball Association ended Wednesday evening with Mission San Jose Firemen carrying off the pennant for the second consecutive year in the American League, and a newcomer, Pacific States Steel, winning the National pennant.

Both of the winning teams went through the season of ten games with but one defeat, and both gained early leads, which they continued to hold the entire season.

MUST BREAK TIE

At a meeting of the managers Wednesday evening it was voted to allow Pacific States Steel and Wedgewood, two top teams in the National League, to play the two cellar teams in the American League in their bids to enter the senior league.

Tonight (Friday), Central Chevrolet and Westvaco, in a fourth-place tie in the American League, will meet to decide which will be in the four top team playoff.

To complete the double-header bill, the Pacific Steelers will play the Pickering All-Stars.

Monday evening the Mission club will meet Native Sons in the beginning of the Shaughnessy play-off. The second games each evening will be between the cellar teams of the American League and the top teams of the National League.

Tuesday evening Kleines will begin their play-off series against the winner of the Central-Westvaco affair. Pacific Steelers will play Vilelas in the second game.

In the last week of play, Pacific States Steel defeated Mission Jr. Firemen Monday evening 3 to 2, while Vilelas nosed out Central 4 to 3.

Tuesday, Kleines trounced Westvaco 11 to 0 and L & V in the finale outpointed Fricks 12 to 9.

Wednesday Mission shut out Vilelas 2 to 0 and Wedgewood downed the Jr. Firemen from Mission 6 to 3.

IRVINGTON WINS OVER KENWOOD 9-2

The Irvington baseball club motored to Boyes Springs, home of the San Francisco Seals' training camp, last Sunday and walked off with an easy 9 to 2 victory over the Kenwood club of that community.

The Irvingtonites collected 13 hits with T. Garcia, H. Faria and E. Rose hitting extra base clouts, while A. Dutra held the opposition to a scattered seven hits and struck out eight men.

Sunday the local team will motor to Vallejo for a game with the Vallejo Builders with the affair slated to start at 2:30 p.m.

LOCAL BOYS PUT ON AIR SHOW FOR LIVERMORE VETS

Gordon Kibby, who recently took fifth place in the bay area plane model meet at Hayward with his Ryan Navion, and Ronnie Estudillo, another local model plane enthusiast, went over to the Veterans Hospital at Livermore last Sunday and entertained the hospitalized vets by putting on a model flying show.

Some of the bed patients were even able to watch the sport and enjoyed it immensely.

There was one fly in the ointment, however—the wind. The boys were unable to put on as good an exhibition as they had hoped, but even so, it provided plenty of interest for the vets, ever eager for something different to break the monotony.

EAGLES HOLD PICNIC AT LINDA VISTA

The members of Eagles Aerie No. 7 of Oakland were hosts last Sunday to an estimated 1,500 Eagles and guests of Alameda county at an all-day picnic at Linda Vista Park, Mission San Jose. Following the picnic lunch, the day was spent in games, contests and swimming.

DECOTO WINS; PLAY HAYWARD SUNDAY

The Marlo baseball team of Decoto, playing a heads-up brand of ball last Sunday on the Danville diamond, scored an easy 13-2 win over the Santiago club. Frank Rebeijo managed the local club in the absence of Al Ferreira.

Sunday the Marlo aggregation will meet the Duarte's Market team of Hayward on the Bret Harte diamond in Hayward in a nine-inning game called for 2:30 p.m.

VINTNER'S DISPLAY FOR STATE FAIR

Vintners of the Washington-Livermore-Pleasanton Township areas will be given an opportunity to display their wines at the 1948 California State Fair at Sacramento, which opens September 2 and runs through September 12.

Judging of wines will be under the direction of the Wine Institute.

The County of Alameda will enter a display, depicting a historical background, designed by Joseph Furenza, San Leandro scenic artist. All wineries of the county have been invited to take part in the fair, according to Supervisor Chester E. Stanley.

Details for entering can be secured by contacting the Board of Supervisors at the Alameda County Courthouse in Oakland.

When it's trout planting time in the mountains

...P.G. and E. helps stock the streams

Packing in to remote lakes and streams high in the mountains go sure-footed pack horses with loads of trout...thousands of fingerlings "packed" in each specially

cooled can. They're on the last leg of the journey from the Burney Fish Hatchery... one of many fish conservation facilities built in California by P. G. and E.

Man's ingenuity improves on Mother Nature at the Burney Hatchery. Under natural spawning conditions, only 5% of the eggs laid in streams survive. Here 90% are hatched and cared for until they reach stream size, and are ready for planting.

"Planting" the baby fish helps keep California streams well-stocked. Many of these brooks used to be dry during the summer. Now the release of stored water from P. G. and E. reservoirs keeps most of them flowing the year 'round.

for the record
On P. G. and E.'s system more than 100 lakes and reservoirs aid fish conservation.

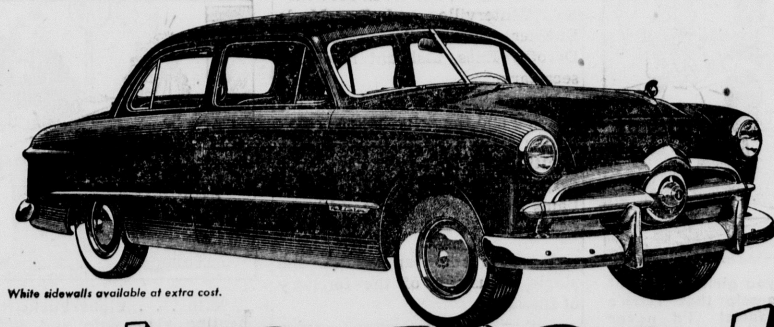

Since the removal of war time controls, P. G. and E. has spent \$225,000,000 expanding its far-flung system.

The huge building program, now in its third year, is going full speed ahead.

Work never stops on our power-building program

For Desserts Supreme - Home-Canned Peaches

—Photo courtesy Ball Bros. Co.

The homemaker who has home-canned peaches on her shelves need never apologize when she serves dessert, for home-canned peaches served right out of the jar are fit for a king! And, if there is time, peach upside down cake, peaches served on angel food cake wedges and topped with whipped cream, peach ice cream, a whole galaxy of mouth-watering desserts, can be made from this delicious, home-canned fruit.

Sound, firm, tree-ripened peaches are best for canning. Grade them for size, color and condition, then wash and peel. Simply scalding in boiling water one minute and dipping one-half minute in cold water will cause some varieties to skin easily. Paring with a knife is usually the best way to peel peaches. They may then be cut in halves and the stones discarded.

If you like, scrape the cavities of freestone fruit to remove the pink or red fibers. As peaches are halved, drop them in a weak solution of vinegar and salt water (one tablespoon salt to a gallon of cold water) to prevent discoloring. Rinse before canning.

Peaches may be canned by the cold pack or hot pack methods, but hot packing and processing in a water bath canner is considered superior. The Ball Blue Book gives the following instructions.

COLD PACK METHOD

Pack peaches into hot Ball Jars, layers overlapping, cavity side down. Cover with boiling sirup made with one or two parts sugar to one of water. Process from 20 to 35 minutes in hot-water bath. Use the longer period for extra large or very firm fruit.

HOT PACK METHODS

1. Make a sirup of one or two parts sugar to one of water. Add peaches, a few at a time, and simmer until hot through (10 to 20 minutes). Pack into hot Ball Jars, layers overlapping, cavity side down. Cover with sirup in which peaches were cooked. Process 10 to 20 minutes in hot-water bath. Can leftover sirup for pudding or ice cream sauce.

2. Add from one to 1 1/2 cups sugar and one cup boiling water to one gallon prepared peaches. Cook gently until peaches are hot through and sugar dissolved (10 to 20 minutes). Pack and process as instructed above. If there isn't enough liquid to cover peaches in jar, add boiling water after peaches are packed. Use longest processing period for large, firm fruit.

3. Add from one to 1 1/2 cups sugar and one cup boiling water to one gallon prepared peaches. Cook gently until peaches are hot through and sugar dissolved (10 to 20 minutes). Pack and process as instructed above. If there isn't enough liquid to cover peaches in jar, add boiling water after peaches are packed. Use longest processing period for large, firm fruit.

4. Add from one to 1 1/2 cups sugar and one cup boiling water to one gallon prepared peaches. Cook gently until peaches are hot through and sugar dissolved (10 to 20 minutes).
